English

Kiswahili

PROFILE

I am an enthusiastic Software Developer with a strong academic background in computer science. Proficient in JavaScript, HTML, CSS, React, Git, and Firebase. I am eager to contribute my problem-solving skills and creativity to drive innovation. Excited to learn from experienced professionals and collaborate with a dynamic team. I have undertaken challenging projects that have honed my coding abilities and fostered my passion for crafting efficient and scalable software solutions. I possess a keen eye for detail, ensuring the delivery of high-quality code that meets both user needs and industry standards.

WORK EXPERIENCE

Attachee

Office of the President, POMAC. February 2022 – April 2022

- Worked as an IT intern at the Power of Mercy Advisory Committee which is under the Office of the President.
- Tasked with the testing, debugging, training, and deployment of the electronic petition management system which was launched by the Attorney General in April 2022.
- Involved in troubleshooting networking issues in the office.
- .Electronic Petition Management system - <https://epmis.powerofmercy.go.ke/>

Front End Lead

Changia June 2023 - present

- Changia is a children's home project that aims to better connect institutions with donors and make it easy to receive and gift donations.
- I am currently the Front end Lead in a team of 6 that is currently in development.

Lab Technician and Computer Teacher

St. Joseph Caffasso Consolation House January 2020 - March 2020

- St Joseph Consolation House is a center for rehabilitation for under-age kids released from Kamiti Maximum Prison.
- Worked as a volunteer in the capacity of a lab technician and teaching computers on a High School Level.

Volunteer Librarian

McMillan National Library February 2023 - March 2023

- Worked as a volunteer librarian, assisting with the organization of the library and assisting in research work
- I was also involved in the registration and onboarding of new visitors.
